## ALMA MATER

*In a valley fair and beautiful  
Guarded well by mount and hill  
Beats a heart whose pulse is rich and full  
Of life, and pow'r, and thrill.  
We love thee, Alma Mater dear.  
To thee our hearts are true.  
And we'll sing with voices strong and clear  
To the Orange and the Blue.  
New Paltz, forever our Alma Mater,  
We raise our song to thee.  
The hills re-echo with glad crescendo  
Our praises full and free.*

# 2020 VIRTUAL COMMENCEMENT

STATE UNIVERSITY OF NEW YORK AT NEW PALTZ

GRADUATE • MAY 22, 2020

---

COLLEGE OF LIBERAL ARTS & SCIENCES / 11

SCHOOL OF BUSINESS / 14

SCHOOL OF EDUCATION / 16

SCHOOL OF FINE & PERFORMING ARTS / 22

SCHOOL OF SCIENCE & ENGINEERING / 24

Today, our college community offers this virtual ceremony to recognize and salute our newest graduates from the College of Liberal Arts & Sciences and the Schools of Business, Education, Fine & Performing Arts, and Science & Engineering.

It was with great disappointment that we had to postpone our traditional in-person commencement ceremonies due to the continuing uncertainty of the coronavirus. But this was the right action for the health and safety of our campus community, and consistent with bans on large gatherings. We know some of our graduates, their families or friends have been impacted by the coronavirus and we wish everyone well during this challenging time.

It is a priority for us to provide our graduates and candidates with the opportunity to return to campus for a safe, in-person commencement celebration in May 2021 to recognize their years of hard work and accomplishments in earning a college degree. More details about that ceremony will follow in the coming year.

Commencement ceremonies at their core are about recognition. We recognize that your accomplishments are especially meaningful this year, as you have had to adapt quickly to remote learning and a very different kind of spring semester. Today we recognize your achievements at this challenging and unique time in our history.

— President Donald P. Christian

## INTERIM PROVOST AND VICE PRESIDENT FOR ACADEMIC AFFAIRS

---

### BARBARA G. LYMAN

Barbara G. Lyman is responsible for the planning, development, growth and quality of all academic programs and related support functions. The interim provost is also the chief personnel officer for academic employees and is responsible for hiring and evaluating faculty and ensuring, together with the faculty, that the New Paltz curriculum is relevant, timely and adequately supported.

Lyman's duties include the articulation of an academic vision, leadership in academic strategic planning that supports the institutional strategic plan, the development and administration of academic budgets and the advancement of excellence in teaching, scholarship and service.

As interim provost, Lyman oversees the five academic schools – Business, Education, Fine & Performing Arts, Liberal Arts & Sciences, and Science and Engineering – as well as Graduate and Extended Learning, the Sojourner Truth Library, the Center for International Programs, and the Honors Program.

Lyman's earned degrees include a Ph.D. in curriculum and instruction from Louisiana State University, a certificate of advanced study in teaching of reading from Harvard University

Graduate School of Education, an M.A. in English and American literature from Brandeis University, and a B.A. in English literature from Anna Maria College in Massachusetts.

She has held a variety of teaching and administrative positions over the course of a career spanning more than four decades, at institutions including the University of West Florida, Texas State University, the University of Delaware, the University of Louisiana at Lafayette and Oakland University.

Lyman most recently served with Pennsylvania's State System of Higher Education, where she worked from January-

July 2019 as senior associate vice chancellor for academic and student affairs.

She served from 2008-2019 as provost and academic as well as executive vice president at Shippensburg University, where she also held an appointment as professor of teacher education. Her tenure included serving as interim president from January-August 2017.

## MACE & CHAIN

The mace and chain of office were designed and created in 1981 by the late Professor Kurt J. Matzdorf, internationally known gold and silversmith and founder of the College's gold and silversmith program, now known as the Metal Program.

These two important insignia were donated to the University by the Alumni Association and the SUNY New Paltz Foundation.

The mace is 38 inches long and is made of sterling silver, acrylic and rosewood. The lower end of the mace is made in the shape of a space capsule and carries the gold-plated seal of the State University of New York. The rosewood shaft, with four bands of sterling silver, is surmounted by an incised inscription, "State University of New York," which supports the head of the mace. The head of the mace displays six scenes that summarize the academic activities of the college in sterling silver low relief against a blue acrylic background. Above the head, from an incised inscription reading "The College at New Paltz," arises a flame in blue and orange acrylic (the SUNY New Paltz colors) symbolizing the enlightenment to be gained from higher education.

The presidential chain of office is 45 inches long. It consists of 10 fields of blue acrylic framed in sterling silver shaped like the contour of the head of the mace. These alternate with nine apples in red and green acrylic framed in silver indicating the principal nonacademic product of the New Paltz community. The four links in the back of the chain carry the SUNY logo in sterling silver relief.

Originally, there were six blue links on the front of the chain corresponding to the sterling silver reliefs on the mace. The links represent Education, Humanities and Social Sciences, Natural Sciences, Fine Arts, Performing Arts, and Graduate Programs, respectively. In 2002, two blue links were added representing Engineering and Business, acknowledging the School of Science & Engineering and the School of Business. The medallion displays the gold-plated seal of the State University of New York surrounded by an incised inscription, "The College at New Paltz," against a blue acrylic background. It hangs from a center link that shows the date New Paltz was converted from an academy to a normal school: 1885.

## ACADEMIC COSTUME & PROCESSION

Academic gowns represent a tradition that dates back to medieval Britain. When Oxford University was founded in the 12th century, the chancellors of the institution were representatives of the bishop. For this reason, students and faculty wore clerical garb. This eventually evolved into the familiar cap and gown. The tradition of wearing academic costumes was continued in America with the founding of colonial colleges.

Experts differ on the origin of the “mortarboard” cap. Originally round, it later became square. Some say that the square shape represents a scholar’s books, while others argue that it was derived from the master workman’s mortarboard. Others say this was patterned after the quadrangular Oxford campus.

American academic costume was standardized in 1895, with the issuing of a code of dress by Intercollegiate Commission. The code sets the styling standards for bachelor’s, master’s and doctor’s robes, and provides a color code for the hood, which identifies the degree and the institution granting the degree. The color of the border indicates the field of study, and the lining is in the official color or colors of the institution conferring the degree. As you look out across the faculty participating in today’s ceremony, you will see the various colors that represent the degrees they have received.

Our academic procession follows what is considered to be a traditional order: The candidates for all graduate degrees are followed by the Faculty. The Faculty Grand Marshal will lead the platform party and the President of the College.

For all academic purposes, including trimmings of doctors’ gowns, edging of hoods, and tassels of caps, the colors associated with the different disciplines are as follows:

<i>Arts, Letters, Humanities</i>	<i>White</i>
<i>Commerce, Accountancy, Business</i>	<i>Drab</i>
<i>Economics</i>	<i>Copper</i>
<i>Education</i>	<i>Light Blue</i>
<i>Engineering</i>	<i>Orange</i>
<i>Fine Arts</i>	<i>Brown</i>

## SUNY NEW PALTZ

GROWTH • VITALITY • EDUCATOR • NEIGHBOR

As Ulster County's number one employer, SUNY New Paltz is central to the economic health and well-being of the Hudson Valley. As the largest public four-year institution of higher education in the region, the College plays a valuable role in creating and retaining jobs today while educating students for careers and citizenship tomorrow.

According to the latest Economic Impact Study conducted by the College's Budget Office, SUNY New Paltz contributes \$380.5 million in overall economic activity and 3,495 jobs annually for the Hudson Valley economy, and \$447 million and 4,128 jobs for the New York State economy, with a workforce of 1,623 full- and part-time employees (excluding student workers).

SUNY New Paltz also stimulates the New York State economy through non-employee spending—the money paid to vendors and contractors to support campus construction, maintain modern campus facilities and purchase new technologies to provide the best possible learning environment to students.

There are about 55,600 SUNY New Paltz alumni of working age (defined as 65 and younger).

New Paltz alumni generated nearly \$520.2 million in value-added earnings, above and beyond what they would earn with a high school degree.

Bottom Line: Every day, the ever-growing society of SUNY New Paltz alumni are starting businesses, creating jobs, solving problems and serving their communities, often right here in the Hudson Valley and New York State.
