# SUNY NEW PALTZ GRADUATE PROGRAMS

“The MBA program here at SUNY New Paltz feels like home. Many students are brilliant and friendly, so most of the time I don’t actually feel any culture barrier even though I am an international student. Our small class size gives me a chance to share my opinions, and I have easy access to my professors and advisors. They not only teach me how to study, but inspire me to challenge myself and to reach for internships and professional opportunities.”

—Danwei Zheng, MBA Business Administration

“ When I started my program, I never realized that the curriculum was so full or how much it prepares students for real life. I had a chance to meet business people from different industries and to get their advice. Moreover, I found myself in a challenging environment, which helped me to improve my strategic thinking and to broaden my mind. During my journey, the faculty and staff helped me a lot and provided their support and encouragement, which made me stronger. My personal and professional life has developed a lot while at SUNY New Paltz, and I feel that I am ready for the business profession.”

— Ecegul Somay, MBA Class of 2018

“I was drawn to New Paltz as an applicant because of the picturesque setting, smaller class sizes, affordability, and diversity of professors teaching in the Music Therapy program. As a student at SUNY New Paltz, I've presented at the Mid-Atlantic Regional Conference of the American Music Therapy Association and attended an advanced certification program in Neurologic Music Therapy through my involvement with the Music Therapy Club and as a

Graduate Assistant in the program. I truly value the investment in my education at SUNY New Paltz and look forward to the career possibilities in my future because of this graduate program.”

—Gabrielle Bouissou,  
MS Music Therapy

# CAREER RESOURCES & OPPORTUNITIES

In a global economy, bilingual professionals and international graduates are sought after by multinational companies.

## ■ The Career Resource Center

The Career Resource Center at SUNY New Paltz offers unique services, programs and resources, to both current students and alumni of all majors, to assist with their career development. Whether you are searching for an internship or full-time position after graduation, they offer guidance in:

- Career planning and advising
- On- and off-campus job fairs and recruitment events
- How to gain experience while you're studying
- Internship and job search assistance
- Advising and workshops about interviewing, networking, and more
- Access to online job search portals

**CPT and course requirements** allow students to work at internships, often paid, while they are studying at SUNY New Paltz.

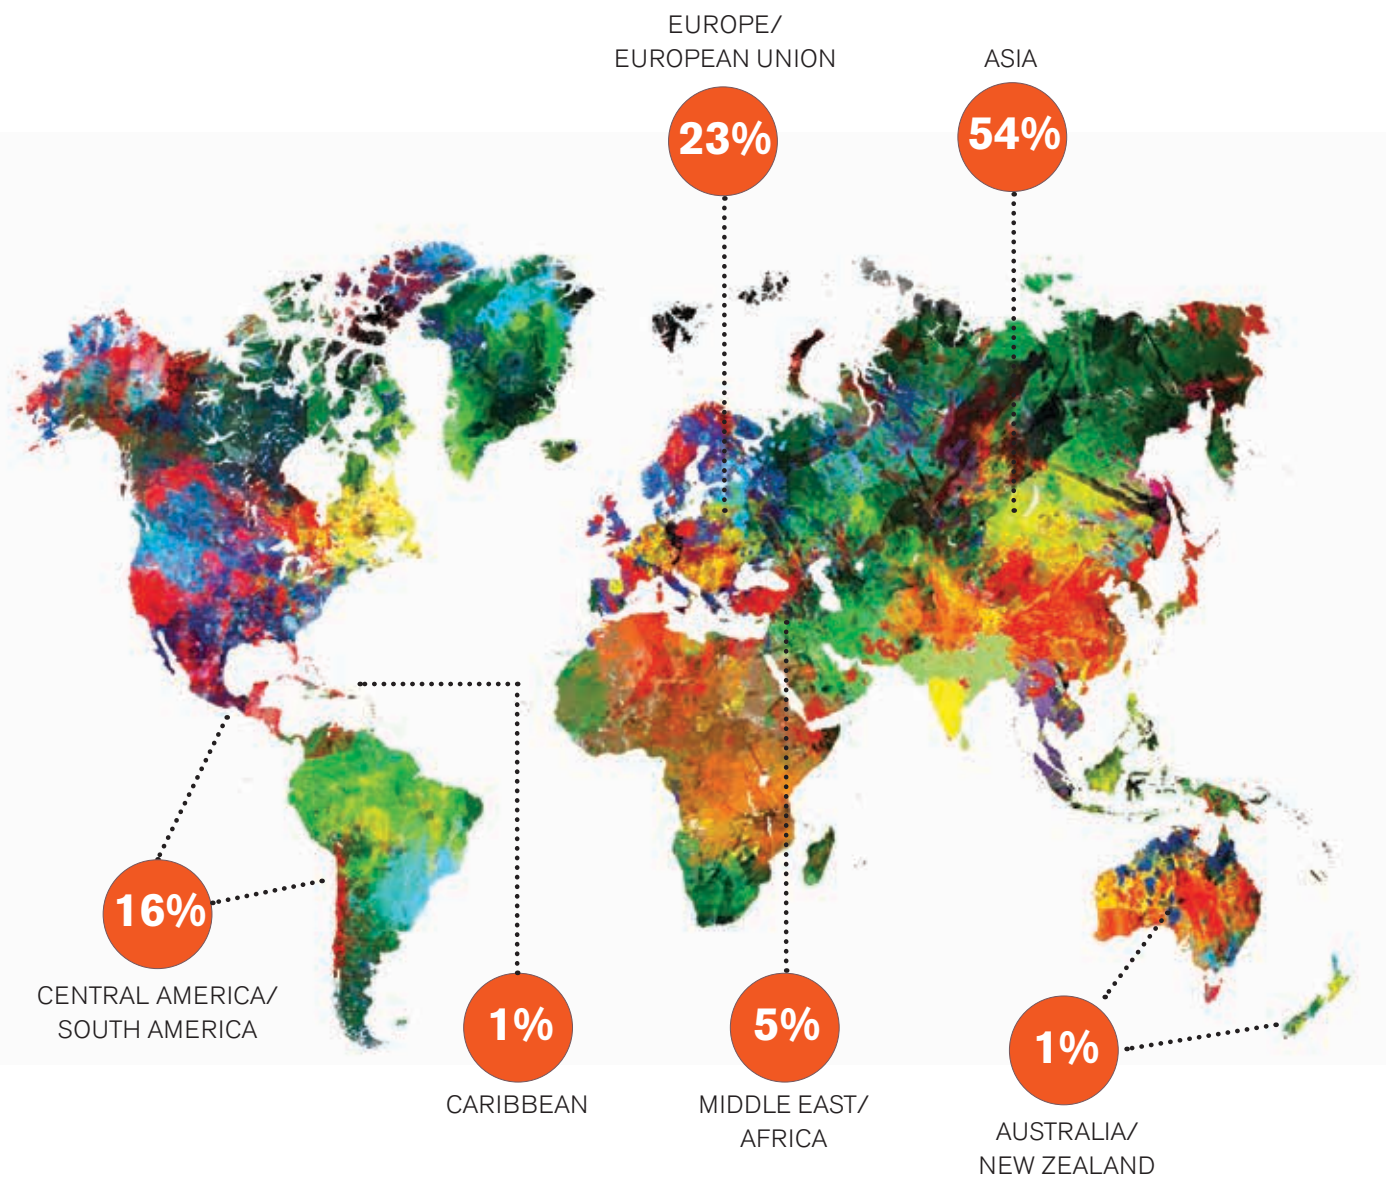

**Post-completion OPT** is a work authorization for F-1 students who have completed an academic degree in the US. Its purpose is to provide an opportunity for employment experience in a student's field of study. OPT is approved by the United States Citizenship and Immigration Services (USCIS).

**STEM OPT extensions** are granted by USCIS to eligible F-1 students who complete academic degrees in the fields of science, technology, engineering, or mathematics.
